

## Day of R&R

---

### **See Honduras**

**As we have many projects we also have many things to see. Honduras and Roatan have a beauty that is and can be breathtaking.**

As the Host we would like you to see and partake in the beauty that is God's creation. The Island of Roatan and Mainland Honduras have many wonderful and beautiful places in which to spend a day of leisure. We recommend that you allow your team to enjoy a day of R&R the last day of your Mission. We have all types of packages and programs at discounted rates that we can share with you if you are interested. From snorkeling to zip lines in the jungle canopy the range of choices is plentiful.

In addition to the information given know that much time, effort and planning go into these projects. It is our hope through communication and preparedness that your team will have little to no down time because of lack of preparation on our (host) part.

Your projects will also have local involvement and participation by the inhabitants of the area. If you have youth on the team we will try to have indigenous youth available to work with them also. We appreciate you and show that through our participation and work ethics. We want you to make new friends and create bonds.
